

Electrical and Automation Solutions

**COMPANY
PROFILE
2020**

**We Design We Manufacture We Supply
We Provide Customer Service**

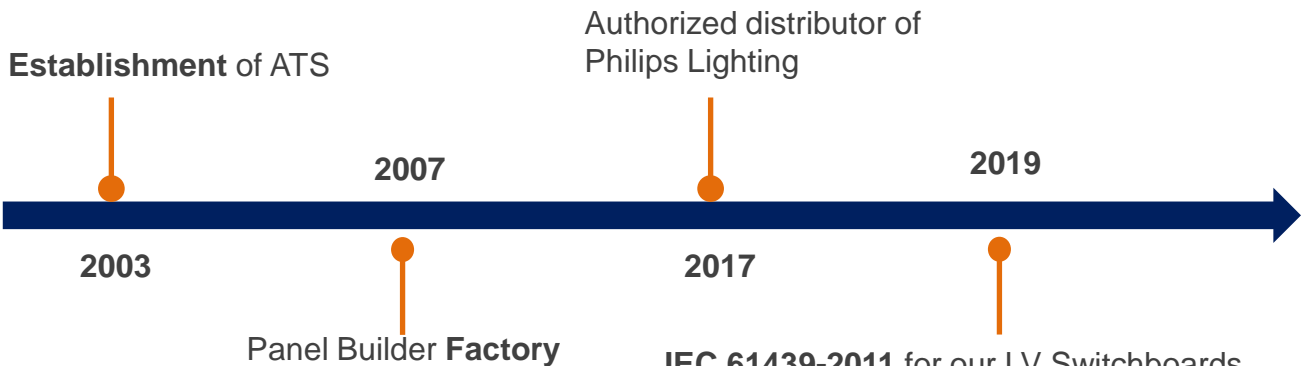

Company Overview

ATS is a specialist of energy, electrical distribution and automation systems. We supply, design and manufacture solutions meeting specific clients and projects needs thanks to our panel building facility and our multi-technologies / multi-brands approach. We also represent or distribute worldwide brands such as LS Electric, Socomec, Philips Lighting, Schneider Electric, Indelec....

ATS was established in 2003 with the aim of delivering world class electrical supplies and solutions for the Construction, Infrastructure and Energy markets.

Thanks to our network of retailers and contractor, we provide a countrywide access to the major brands we represent. In 2007, we became Cambodia's first electrical panel builder and operate the country's largest and most integrated manufacturing facility in our industry. Since 2017, we are the authorized distributor of Philips Lighting and are actively engage in promoting energy efficient LED lighting solutions.

IEC 61439-2011 for our LV Switchboards
IEC/TR 61641 for Internal Arc Fault test by ASTA
ISO 9001:2015 by Rheinland TÜV

Solutions

MV / LV Solutions:

- MV Solution (MVSG, CRT, PTT, Fuse Feeder, Line Lightning Protection)
- Busway System (From transformer to end of electrical line)
- LV Panels Solutions (LVDB, ATS, MTS, MSB, MDB, Capacitor Bank, SDB, DB)
- Automatic Voltage Regulator
- Solar DC Combination Box, ACDB Panel and Bi-directional metering solution
- Synchronization System Solutions (MV-LV, Genset-Genset, EDC-Genset, EDC-Solar-Genset-Battery...)
- Lightning protection (Internal and External Protection and Data logger communication)
- Loose components (Power Distribution, Power Control, Power Switching)
- Post-sale service

Automation and Control:

- **HVAC, VAV System:** Chiller, CCP, WCP, CT, AHU, PAU, FCU, EAF, FAF, SEF, KEF, PAF, JF...
- **Pump Control Panel:** Water Treatment, Fire Fighting, Booster, Transfer, Pool Pump, Submerge, Cold & Hot Water, Drain Pump, Lifting, Soil & Sewage, Septic...
- **SCADA**
- **Automation & Control:** Industrial operation, automated & sensing system

Energy Efficiency and Measurement:

- EMS (Energy Monitoring System)
- Billing System
- LED Lighting and Control System
- Capacitor bank

Services

- Installation Supervision
- Support on Testing & Commissioning
- Training on Solutions & Products
- Programming
- Spare parts
- Warranty Services

Markets

BUILDINGS

ENERGY

MANUFACTURING

Projects

Building

- ACLEDA Bank (Head Office & Data Center)
- Vattanac Capital
- UCB Bank
- Picasso City Garden
- The Penthouse Residence
- Bellevue Serviced Apartments
- Chip Mong Noro Mall
- Angsana Siem Reap
- Novotel Sihanoukville
- Sky Tree Residence & Hotel

Manufacturing

- Hanuman Beverages
- Laurelton Diamonds
- CBL-Heineken Beer
- Khmer Brewery
- Eau Kulen Drinking Water
- Chip Mong Insee
- Crown
- ISI Steel
- Socfin Rubber Factory
- Kolao Holding Cambodia

Infrastructure

- Phnom Penh Airport
- Siem Reap Airport
- Sihanouk Ville Airport
- CAVAC Pump Station
- PPIA Water Treatment
- SRIA Water Treatment

Energy

- EDC Substation
- PTT, Total
- CoCa Cola PV Rooftop
- Solar Container
